VIA PRIMO BRINDANI N 33
43043 BORGIO VAL DI TARO PR ITALY

This is to certify that representative samples of COMPONENT - MOTORS
SEE ADDENDUM PAGE

Have been investigated by UL in accordance with the Standard(s) indicated on this Certificate.

Standard(s) for Safety: UL 1004-1, Rotating Electrical Machines – General Requirements.
CSA C22.2 No. 100, Motors and Generators.

Additional Information: See the UL Online Certifications Directory at www.ul.com/database for additional information

Only those products bearing the UL Certification Mark should be considered as being covered by UL's Certification and Follow-Up Service.

The UL Recognized Component Mark generally consists of the manufacturer's identification and catalog number, model number or other product designation as specified under "Marking" for the particular Recognition as published in the appropriate UL Directory. As a supplementary means of identifying products that have been produced under UL's Component Recognition Program, UL's Recognized Component Mark:  may be used in conjunction with the required Recognized Marks. The Recognized Component Mark is required when specified in the UL Directory preceding the recognitions or under "Markings" for the individual recognitions.

Recognized components are incomplete in certain constructional features or restricted in performance capabilities and are intended for use as components of complete equipment submitted for investigation rather than for direct separate installation in the field. The final acceptance of the component is dependent upon its installation and use in complete equipment submitted to UL LLC.

Look for the UL Certification Mark on the product.

Bruce Mahrenholz, Director North American Certification Program
UL LLC

Any information and documentation involving UL Mark services are provided on behalf of UL LLC (UL) or any authorized licensee of UL. For questions, please contact a local UL Customer Service Representative at <http://ul.com/aboutul/locations/>

CERTIFICATE OF COMPLIANCE

Certificate Number 20180724-E251310
Report Reference E251310-20050720
Issue Date 2018-JULY-24

This is to certify that representative samples of the product as specified on this certificate were tested according to the current UL requirements.

Motor construction for:

Single-phase induction motors Series MM may be followed by D, K, DE or none, followed by 56, 63, 71, 80, 90 or 100, followed by S, M or L or none, followed by A, B or C, followed by 2 or 4. Refer to Model Nomenclature on Page 5 for details.

Three-phase induction motors Series M followed by 56, 63, 71, 80, 90, 100, 112, 132 or 160, followed by S, ML, or none followed by A, B, C or D, followed by 2, 4 or 6 or 8. Refer to Model Nomenclature on Page 5 for details.

Three-phase induction motors Series MDP followed by 112, 132 or 160, followed by S, M, L or none, followed by A, B or C, followed by 4/8. Refer to Model Nomenclature for details.
